

PARENT RESPONSIBILITY FORM

Please initial each item, sign and date and return with your registration form.

_____ **1. I understand that I am not to drop off my child in front of Beverly Hills and allow them to walk alone to the back of the school.**

We realize this causes a small inconvenience, however we have no control over who is on the fields, tennis courts and track on the school's property. We do not wish to have anything happen to any of our swimmers.

_____ **2. I understand I am to park and walk to the back of the school to pick up my swimmer when practice is over. Our coaches cannot go to the front to make sure the children get there safely, nor can they wait out front to make sure my child is picked up and by the correct person.**

_____ **3. I understand that it is my responsibility to email or hand write a note to the head coach and deliver to the coaching staff a minimum of 10 days prior to any meet that will be missed.**

I understand that this will allow the coaches to know who they can enter in which meets in a timely fashion. I also understand that verbally telling them is not sufficient because with over 150 swimmers they cannot be expected to remember who will and will not be at a given meet.

_____ **4. I understand that it is my responsibility to call the coach on the morning of a meet under the following circumstances:**

**Over slept
Car Trouble
Illness**

When you call to let us know you will be delayed, the coach is able to allow your child to remain in the meet. If you simply show up late your child will have already been scratched. The computer software will not allow us to reinstate a scratched swimmer.

(OVER)

_____ 5. I understand that should I fail to email or hand write a note notifying the coach of my child's absence for a specific meet; my child will not be allowed to compete in the next meet except as an exhibition swimmer. Exhibition swimmers do not score nor will they receive a place ribbon for their event. Times will count for championship series purposes.

I have read and understand my responsibilities as the parent of a swim team member.
